ITF England is a not profit organization and we operate on a very close margin; your cooperation in financial matters is always helpful.

With regards to **any** funding or financial support to ITF England members, please note that no monies will be reimbursed to individuals where they have outstanding fees from International Championships, equipment or training. All debts must be cleared first before any monies will be paid. Should any individual cease training with ITF England then any outstanding fees will be deducted, from possible funding. Please note that all fees **should** be settled by the confirmed deadlines. For future reference outstanding fees may hinder individual selection for International Championships.
